

Statement

Air Freshness

1. I feel that vegetation in open spaces helps reduce air pollution.
2. I believe open spaces contribute to noticeably fresher and cleaner air.
3. When I spend time in open spaces, the air feels healthier compared to built-up and congested parts of the city.
4. I feel more comfortable in open spaces because their wide and open fields provide a refreshing atmosphere, reducing the feeling of suffocation common in crowded spaces.

Grand Mean

Temperature Comfort

1. I notice that the presence of trees, plants, and wide fields lowers the heat temperature in open spaces.
2. I prefer visiting open spaces during hot days because they feel cooler and comfortable than other parts of the city.
3. Open spaces feel cooler and more comfortable to me because of the trees, wide fields, and open layouts that make the environment feel relaxing.
4. Shade from trees protects my skin from direct sunlight, allowing me to stay longer and more comfortably even on hot days.

Grand Mean

Physical Health

1. The presence of open spaces encourages me to maintain a healthier and more active lifestyle because of their wide and open areas.
2. Having free access to open spaces helps me take better care of my physical health.
3. I use and visit open spaces to stay fit and exercise (e.g., jogging, walking, cycling).
4. I find exercising in open space more comfortable because of the wide and open fields compared to crowded areas in Dasmariñas, promoting consistency in physical activity.

Grand Mean

Mental Health

1. Open space give me a sense of escape from daily stress and urban pressure, helping clear and refresh my mind.
2. Spending time in open space helps me reduce my stress and anxiety.
3. Access to open spaces with greenery such as plants and trees improves my overall mental well-being.
4. Green surroundings in open spaces create a peaceful and relaxing environment, enhancing emotional balance.
